Jonnie Kinder

Avid / Premiere Editor

Profile

Jonnie is a brilliant editor. Highly skilled, fast, intelligent and with a natural ability for storytelling, structure and getting the tone of the project spot on to commissioner requirements. His clients have described him as having a bit of a reputation for saving a project in that he has stepped in at the last minute on a struggling format and breathed life back into it giving it a new direction.

Despite all of his experience he is very down to earth, humble and hard working with a great sense of humour!
